The one-button easy solution
for capturing, sending, and sharing
your documents electronically

# Capture documents, send them anywhere, and leverage the information for new efficiency

It's not just about all the things the **Kodak** Scan Station 100 Plus can do — it's how it does them easier and more efficiently.

- Combines multiple office products into one
- Intuitive touch screen makes it easy for everyone to use
- Automated workflow configurations for more efficient time utilization
- Share information between departments quickly
- Centralize documents for faster retrieval
- Standardized solution reduces training time and support needs
- Improves customer satisfaction through quicker response and higher quality
- Perfect Page imaging ensures high image quality of scanned documents
- Handles a wide variety of documents, including hard cards like IDs, insurance, and driver's licenses

What's more, **Kodak** Service and Support professionals are just a phone call away to provide the fast response you need to make sure you're free to do what you do best — run your business for productivity and optimal efficiency.

Easily scans hard cards

The **Kodak** Scan Station 100 Plus makes sending and sharing documents one-button easy

Walk-up scanning ease for everyone

By its very design, the **Kodak** Scan Station 100 Plus combines multiple office products into one. The Scan Station 100 Plus offers easy, one-button functionality and:

• Connects easily to your network and phone line

• Offers secure log-in (LDAP)

• Allows for customized settings by document type or task

• Lets you send documents:

   – To e-mail addresses and group e-mails

   – To shared network folders

   – Via secure FTP files

   – To network printers

   – To portable USB drives

• Send documents as PDFs, searchable PDFs, TIFFs or JPEGs without having to invest in additional hardware or software

Streamline your document management workflow

The Scan Station 100 Plus can easily become the efficient hub of your office's imaging and document management system.

Your **Kodak** Scan Station 100 Plus can be custom configured to perform a wide range of document management functions.*

- Customize workflow options based on business rules

- Connect to a wide selection of document management systems and business applications

- Centrally manage multiple Scan Stations from a server

- Send documents in a variety of text-searchable formats

- Convert documents to a variety of text-searchable formats

- Determine functionality by user authentication

- Facilitate compliance through auditing and tracking

- Customize user interface and document icons

*Some options require AutoStore.

Improve your faxing capabilities and more

Your phone line can improve your bottom line

Now you can use your **Kodak** Scan Station 100 Plus to bridge technologies and enhance quality, as it plugs into a standard fax/phone line.

• Better image quality than traditional fax machines

• Multitask by faxing and e-mailing simultaneously

• Send faxes to customized group lists

• Error notification — no need to rescan

• Optional personal user settings and fax list via USB

And when you receive your faxes via the Scan Station 100 Plus, you can instantly send them directly to a network printer, a shared network folder, or both.

Specifications for **Kodak** Scan Station 100 Plus

Connectivity	10/100 Base T, no host PC required
Output Methods	Scan to network share, scan to print, scan to e-mail, scan to fax, scan to portable USB drive, scan to FTP (anonymous, authenticated, with proxy support)
